

### *Flex-Gard™ Cut Resistant Glove Liners*

are LATEX-FREE glove liners that integrate HDPE synthetic fibers woven together to form a cut resistant glove material. These glove liners are to be worn between two layers of surgical gloves.

#### Features:

- ◆ Engineered high strength fibers
- ◆ Improved dexterity
- ◆ Light weight
- ◆ Moisture repellent
- ◆ Chemically inert and biocompatible
- ◆ Powder-free
- ◆ Latex-free
- ◆ Sterilized by Ethylene Oxide
- ◆ Made in the USA
